**Up in the Ontario Government.**  
Galt-Reporter: The buyer or seller of stocks is compelled to do his business through a broker. He cannot go into a stock exchange and put through his own deals. Seeing that the Government sanctions such an arrangement, the responsibility devolves upon it to insure that the customer gets proper treatment.

**Good Advice.**  
Renfrew Mercury: Invest to yourself. If you will not invest in himself and his own business it is very doubtful if he can expect to gain by investing in a business that is not his own. Avoid the stock-market quick returns. Progress is usually made through honest efforts in our work and business.

**EVIDENCE OF THE COURT TO PRIVATE INDIVIDUALS**  
Evidence of the court to private individuals was offered in County Court at St. Thomas when Lloyd Moore was found guilty on a charge of negligent driving on St. Highway on Dec. 11 last and a fine of \$10 and costs imposed. The court tolled money \$40, more than one-half being paid to the Crown.

**Trade Expenses.**  
Regina Leader: During the twelve months ending Nov. 30, Canada increased her exports of furs and leather, wool and paper, iron and steel products, and miscellaneous products. There was an increase in all but two of the above several classes into which exports are divided. These were agricultural products and animal products.

**Tonight! Limber Up That Stiff Joint**  
Now you know what to do when pain tortures your joints. They are inflamed, swollen and stiff. Use a liniment that makes the joints limber. It is made right here in Canada and sold by every druggist in the Dominion.

**Collinsville Bulletin:** Robert Hildner, the great writer and philosopher, once said that if we wanted things done we must go to the busy man, that the other kind had no time. It is a fact that the person who has the most to do is usually the person who gets the most done. There is no other kind of person, it is usually the person who has the least to do who complains about the work of those who do the things.
